

"The Pioneer" Wins Best Paper Award

About this time last year the bouquets and trophies were handed out at the annual convention of the Alberta Newspaper Association. At that time this paper ran second in its classified field. At that time we mentioned the award given us and made the forward statement that next year we'd be in the top spot. (Gamblers, aren't we?)

However, the confidence we have in our work paid off this time — The Didsbury Pioneer was chosen this year as the best in its class for all of Alberta. This coup includes all publications who have membership in the Alberta Newspaper Association employing only one full-time man. (Apparently they don't take the editor into consideration.)

ST. CYPRIAN'S CHURCH CELEBRATE 50th ANNIVERSARY

Nearly 70 people attended St. Cyprian's 50th anniversary supper held at the Lions Hall last Sunday. There were several former members of the parish present, besides visitors from neighbouring parishes. Afterwards, the Rev. Wilkins read messages from those unable to be there, and Dr. Miller proposed a vote of thanks to the W.A. ladies for the very excellent meal they had provided.

At the service which followed at the Church, the Rev. Wilkins began by consecrating several articles which had been presented to St. Cyprian's to mark the occasion. These included a beautiful altar cloth and a candelabra donated by memory, a candle snuffer from the Joe Freeman's family in his Sunday School, and an aluminum baptismal bowl for the font from the W.A. The congregation present were fortunate in having as their guest speaker the Rural Dean, the Rev. Canon F. C. Austin.

There will be a service at St. Cyprian's Anglican Church, next Sunday, October 26th, at 12 noon.

Didsbury Pack Lead Color Parade

Forty boys from the Didsbury Wolf Cub Pack and their leaders, made the trip to Calgary on Sunday to attend the Southern Alberta Scout Cub Rally for Lord Rowallan, Chief Scout of the World.

The Chief Scout was brought in to the Stampede Corral in a chuckwagon and presented with the traditional "white hat" by Mayor Don McKay.

The big delight of the afternoon was the presentation of 62 Queen Scout certificates to Scouts from all over Southern Alberta by Lord Rowallan. Among them were Queen Scout Pearson, from Carstairs, and Allen McDonald from Calgary, grandson of D. N. McDonald of Didsbury.

The Didsbury Pack had the pleasure of seeing their color party lead the parade of the colors. Flag bearers were Lyle Kennedy, and Stanley Shannon with escorts Bruce Snyder and Murray Morton. The color parade appeared on CHOT-TV on Sunday night.

Lutheran Church Groups Meet Here

Some 50 representatives of the Lutheran congregations in the Calgary circuit met at the Redeemer Lutheran Church, Didsbury, on Sunday afternoon, Oct. 19, for an officers meeting. The Rev. W. C. Elfert, executive secretary of the Alberta-British Columbia district of Lutheran Church - Missouri Synod was in attendance and brought a number of reports, especially on financial matters, to the attention of the officers. For 1959 the Synod has adopted a budget of \$18,500,000. Of this amount well over \$6,000 will be used for mission work. The District has adopted a budget of \$218,500. Of this amount \$70,000 will be remitted to Synod and \$137,500 will be used for missions in the district.

Pastor E. B. Fox, as circuit visitor, then spoke on the circuit level. The 15 congregations and mission places in the Calgary circuit voted to accept as their goal the sum of \$26,350 as their share towards the overall budget of district and Synod. This is an increase of \$4,890 over the past year's goal. Pastor Fox then also spoke on the Every Member program of the church.

This is to be a threefold movement: a visitation on stewardship, evangelism, and education. Materials towards this program were also handed out. It was mentioned that the second part of this program, evangelism, will fit very well into the proposed Preaching-Teaching-Reaching mission that will be undertaken in the Calgary circuit the first week in February.

With Mr. Louis Hildebrandt serving as resolutions committee, the group also voted to observe Sunday, November 2nd, as Synodical Sunday, and Sunday, November 30th, as Loyalty Sunday on which all Lutheran homes in the circuit will be visited in behalf of the stewardship program of the Church and their own congregations.

E.U.B. CHURCH TO HOLD SUNDAY SCHOOL CRUSADE

The Evangelical United Brethren Church announces its regular Fall Sunday School Crusade. This will be of interest to everyone as emphasis will definitely be placed on Christian education. The student receives a secular education every week, but what is his knowledge on biblical basis? It is believed that every student should receive the best training along this line.

In connection with the crusade a "Mystery Contest" will be staged, as well as class competition. Everyone is welcome and if you do not attend a Sunday school anywhere a hearty welcome is extended to you.

The dates of the crusade are Oct. 26 to Nov. 16. Come and take the opportunity to place your guess as to what is in the "Mystery Bag."

CREMONA NEWS

Fires Plague Cremona Area

Three fires broke out in this district last week. The first was on the property of Dib Waterstreet, and burned over 35 acres of stumps and tops, etc. of a section that had been logged. Norman Young, Ted Coombes Jr. and Dib Waterstreet attempted to put it out alone, but in the end the Forest Ranger recruited men from Cremona, and the municipal cat, as well as volunteer neighbors. Among those who worked through the first night were D. Waterstreet, D. Young, N. Young, J. Howton, B. McMullen, E. Coombes Sr. and E. Coombes Jr. A radio truck from Calgary was also on the scene early next morning to transmit messages.

Also last Wednesday a fire broke out at the Cremona Village dump and a shack burned down on the farm of Mr. Elliott west of Cremona. The Big Prairie neighbours were recruited to fight this fire and one of them reported that the fire burned three feet down in the ground in the area around the burned building. The house did not catch fire. D. B. Waterstreet's farm is located 11 miles N.W. of Cremona.

A shower for Miss June May, bride-elect, was held in the United Church basement last Thursday afternoon. June was showered with beautiful gifts and best wishes. Mr. and Mrs. M. Earle and Margaret are vacationing at the west coast (Victoria) with Mrs. Earle's sister for two or three weeks. Tommie is staying with Mr. and Mrs.

LOCAL FIRE BRIGADE ANSWER A CALL

The Didsbury volunteer fire brigade answered a quick call to the Cliff Reynolds residence, in the southwest corner of town on Monday afternoon. Turned out it wasn't the residence that was on fire, but just Cliff burning some dried potato tops. The small fire got out of control and ignited a weed patch nearby and threatened a small shed. A spark fell into some insulation. Wood shavings from the party was on.

Fortunately no great damage resulted from the fall clean-up effort.

Linda Eaton, 17, has to stretch to add a final volume to the imposing stack of specifications and blueprints necessary to Imperial Oil's \$17 expansion program at the Calgary refinery. Weight: about three-quarters of a ton — the paper, not Linda. This is typical

of the advance work that goes into a project as complex as the expansion, largest single construction job in the history of Calgary. The new unit will increase the refinery's capacity to 14,700 barrels per day.

IMPERIAL HELPS YOU FEEL SECURE WHEN THEY FLY

For as long as Canadians have flown, Imperial's leadership in aviation fuels and lubricants has helped make flying safer, surer

Canada's earliest airmen depended on Imperial aviation products, in war and in peace. Imperial gasoline powered Canada's first air mail flight, in 1918.

As more modern planes flew, Imperial research provided them with the new fuels they needed. For many years, Imperial was the only Canadian manufacturer of aviation alkylate, an essential ingredient of aviation gasoline.

The special skills and technical knowledge acquired over the years make Imperial today the nation's major supplier of aviation fuels.

These skills and experience pay dividends to the motorist today when premium grades of gasoline are approaching top aviation octane standards.

THE Homemaker

By HELEN HOWARD
District Home Economist

HELLO FRIENDS,

The season of shorter days and
longer hours of darkness is here -
At this time of year the lighting of
our homes becomes very important.
Good Light — Good Sight

1. Eliminate glare by shading all
lights - use frosted bulbs.

2. Keep all lamps and reflectors
clean. 50% of your light may be
absorbed by dusty bulbs and fixtures.

3. Keep ceiling and walls light in
color and free from dust in order
to get the greatest amount of light
reflection from the windows and
lamps. Dusty or dark walls and
woodwork absorb light.

4. Do not paint walls, woodwork
or ceilings in glossy paint. Do not
use shiny wallpaper. These pro-
duce a glaring background for
lamps.

5. Select simple lamp shades that
have white linings. Light colors
tend to reflect most of the light
produced by the lamp.

6. If possible install electric out-
lets on an average of every 12 feet
of wall space in the living room
of the house and where they are
needed in the other rooms.

7. Indirect lighting is especially
suitable for general illumination
and produces no sharp shadows.

8. Direct lighting gives the high-
est degree of illumination but at
the same time gives strong sharp
shadows and may cause unpleasant
glare.

Study Hints For Children

Your children will get better
grades in school this year if you
see that they have:

1. A Proper Study Area where
there is a minimum of noise. The
bedroom often provides better light-
ing and less noise than kitchen or
dining room.

2. Sufficient Light to prevent
eyestrain, which can make reading
and other eye work tedious, tire-
some and unpleasant. Be sure there
is (a) enough light, (b) light in
the right place, (c) light that is
free from glare, shadow and sharp
contrasts.

3. Children Reading with a page
brightly illuminated at the rest
of the room almost dark, will soon
suffer from eyestrain and fatigue.
Other lights should be on besides
the one shining on the book.

4. Light-Colored Walls (not
white) in the study area reflect
more light and affects the econ-
omical use of it. If the walls are
painted dark shade, a light-colored
"back-board" behind the desk will
serve the purpose.

5. Proper Height of chair and
table will prevent muscular fatigue
which causes attention to wander.
Desk should be large enough to
provide room for studying. It
should be high enough so the child
sits erect. Chair height should be
such that a student sits erect and
comfortably at the desk with both
feet squarely on the floor. The
chair should be straight-backed, un-
upholstered, with no arms.

6. Desk top should be light color-
ed to cut down contrast between
white pages of book and surround-
ing desk area. A large, light-colored
desk blotter easily fills this re-
quirement for seeing comfort.

BAD SEASON IN IRELAND

Because of bad harvest weather
this year only about 15 to 20 per
cent of the wheat crop in Ireland
is reported to be acceptable to mil-
lenn. Much of the remainder is said
to be unfit even for use for animal
feed.

SERVICE BOARD NOTES

Service Board

BANGS VACCINATION: Again
we are making plans to carry out
the vaccination of the spring crop
of heifer calves. Word has gone
out to all the township captains to
organize and carry out the vaccina-
tion drive in their own immedi-
ate areas.

Some herds are still out and
probably will be for a while longer.
Cattlemen are becoming increas-
ingly aware of the advantage of
vaccinating BEFORE they are weaned
because range herds are concerned.
They find that the calf suffers far
less shock and distress.

Whether it suits you best to do
it before or after weaning there is
no real hardship inflicted on the
calf if they are handled gently and
not heated up or excited unduly
while being vaccinated. The better
facilities you have in the way of
corrals and handling pens, the
easier and more pleasant the job
will be for yourself and your
calves.

Your captain, who is responsible
to arrange the drive for the veteri-
narian, will try to cover the area
to the best possible advantage with
the minimum of driving and time.
It is therefore highly desirable
that you give him your full co-op-
eration and have your calves ready
and under proper restraint on the
proper day so that the veterinarian
can get your calves done and move
on to the next place as rapidly as
possible.

25) is presented in the Scriptur-
al passage to be read in the

A correlative passage from "Sci-

Scriptures" by Mary Baker Eddy
declares: "God is not separate

Who Lived Here Then ???

The nuisance grounds located east of town is being cleared up in preparation for excavation work on a scenic fish pond. During this preliminary work some interesting objects have been unearthed. We've viewed these fossils and would-be experts claim they are either clams or oysters, some say sea shells. Whatever they are, they've been in this territory for many more years than anyone in these parts has lived; the experts carry on and tell us that at one time this area was completely covered by water; we believe them. Checking with Webster (our friend who wrote the dictionary) we find he defines a fossil this way: (1) originally, any rock or mineral dug out of the earth; (2) any hardened remains or traces of plant or animal life of some previous geological period, preserved in rock formation on the earth's surface; (3) belonging to the past, unchanged by progress. If you don't believe us drop in at this office and check over the specimens we have on display.

Just For The Record . . .

Town elections are over for another year and two new faces will be in evidence at future council meetings, at least for the next two years. Voters had a field day as they turned out in large numbers to exercise their franchise. Of an approximate 500 eligible voters, 370 (the largest ever) showed up at the polls to support their favorites. And now a friendly nod to the interested persons who cast their ballots and to our two new councillors.

So True . . .

"The trouble with an outspoken child is that you are frequently left holding the bag they let the cat out of."

"ON BEING ANTI" . . .
For some reason or other Canadians seem to have to bolster up their egos by being "anti" something. For some years being "anti-British" was popular. English people were derided and snubbed and there was a good deal of opposition to British policy which was translated into the "anti" frame of mind. Being anti-British is a frame of mind most often discovered over coffee cups. For the last several years the "anti" attitudes were directed at the United States. There is probably nothing that is more boring when the opinions expressed are based on a few annoying instances or a few irritating individuals.

We think it is ridiculous for Canadians to be "anti" American or British or indeed "anti" any English speaking people. First, they all can communicate properly so there does not need to be any misunderstanding. Second, they have the same fundamental beliefs and principles so there are no fundamental differences to divide them sharply. Third, Canadians are not so all-fired smart, generous, progressive and accomplished that they are in a position to sneer and carp. They can be properly proud of their achievements but they must have an inferiority complex if they have to bolster their pride by deriding their friends or neighbors.

If we get much puffed up about the way our country has developed in the last century and the early part of this century, we would do well to remember that it was British investment which aided the small population here to realize some of the nation's possibilities. When we get nasty about American domination some phases of Canadian development we should remember that American investment has helped us tremendously. If we want to check this domination we can do it politely and firmly without raising silly slogans like "No truck or trade with the Yankees" or "Yankies go home." If we want to keep in perspective the needs of sections of Canadian industry, it doesn't mean our newspapers have to rant about protection of Canadian industries and labor without giving the British offer of "free trade" reasonable and fair consideration.

Driver's Creed

I've seen a lot of country in my time behind the wheel. I've seen a lot of driver's too — and here's the way I feel. If I had any say-so, then I'd set me down a code. A guy would have to learn by heart before he took the road. I'd start it out: I'll mind the law, and all the traffic signs; I won't exceed the limit, and I won't cross double lines. I'll slow 'way down with kids around — there's no predictin' kids. I won't drive fast on rainy days — there's no predictin' skids. I'll cut my speed when dusk begins, or driving after dark. Any times when I get tired, I'll get off the road and park. No weaving in and out of lanes; no sudden stops or swerves. No pulling out to pass a car on hilly roads and curves. I'll always stay a ways behind the driver up ahead. I'll never gun through yellow lights, and never jump the red. I'll try to mind my manners, and I'll signal lefts and rights; When other cars are coming by, I'll always dim my lights. I'll never take a silly chance, or run a risk 'for kicks — I'll keep in mind that alcohol and drivin' never mix. And when the thing is written and I'm back upon the road, I'll drive as if the other guy has never read the code.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

This week was a memorable one because of the 15th wedding anniversary of President and Mrs. Taylor. They were graciously remembered by a number of relatives and friends. Mrs. M. A. Finkley, the latter's mother, spent several days with them. They were entertained by Rev. and Mrs. Auburn Witt; by the faculty, in Miss Eby's apartment; a dinner in their own home, and the married students of the campus, who were in their home during the evening. We know that all friends wish them the best in everything on this occasion.

Mrs. Suder, with Rev. and Mrs. Witt, held missionary meetings in Castor and Gahadoff over the weekend. This is an effort to raise the commitments for the Women's Missionary Society budget for the coming year, of which Mrs. Suder is director for the conference.

Miss Lola Suder spent the weekend at home.

Several Gospel Service League groups were out on Sunday taking services in various churches. This is always of great interest to all who take part, and we believe that Leonard DeWitt, who has been appointed director of these groups, will do a good job this winter in keeping the students busy in this practical work.

Classes this winter begin earlier than in former years. We have lengthened our time to 60-minute class periods instead of the 45 of previous years. This will meet the requirements of other colleges and will make the transfer of credits more meaningful. Classes begin at 8:15 each morning and do not close until 4:10 in the afternoon.

The Student Centre was used for the first time last Thursday evening when the young people of the church held a party in honor of Dolbert Kellogg, who is leaving for Germany on appointment soon. He will be gone for three years.

President Taylor went to Gahadoff to visit his father on Saturday. The latter has been quite ill during the summer and this was the first opportunity he had to visit him since his return from the States this fall. His father's health has improved greatly.

Mr. Arthur Boy was in Castor on Saturday to gather up the donations of vegetables our friends there give us each week.

Rev. and Mrs. Oxenham were guests of the college for several days last week. They are on their way to Europe to do evangelistic work in Italy and will leave New York some time the beginning of the year.

Midway News

(From Our Own Correspondent)

A "bee" was held last week to put the skating rink in shape for flooding and the curling rink has a fresh coat of paint; the red roof can be seen for miles.

The F.U.A. group had a good attendance to hear Mr. G. Winkler, of the Livestock Co-op speak at its regular meeting.

There were 30 in attendance at a recent Home and School meeting, when the new officers took over. The program committee have met and planned the year's agenda.

The October meeting of the W.I. was held at the home of Mrs. Ken Swanson. Woolens were on hand to provide a blanket for the sick bed at the school. Clothes and gifts were collected for the Mental Health Society.

Mrs. Carrie Swanson, who broke her arm recently, is managing nicely with the heavy cast.

Congratulations go out to Mrs. P. Hoskin, on reaching her 85th birthday.

Mr. and Mrs. Ken Thomas are visiting at the Bob Thomas home.

Mr. and Mrs. Bert Richardson and Darlene, of Vancouver Island, are visiting relatives in the district.

BERGEN NOTES

(From Our Own Correspondent)

Lovely weather brought out a large crowd to the Bergen hall on Friday night, when the women of the community association served an excellent turkey supper. Following a sing-song, Mr. Alf English showed moving pictures of the Sundre Stampede.

Mrs. Elizabeth Grant and Mrs. Marvel Fitch and daughter left for their homes at the coast after visiting here with their parents, Mr. and Mrs. Wm. McCormick. We hear that Mrs. McCormick is now a patient in the Olds hospital.

Mrs. Olson is a patient in the Didsbury hospital.

Rev. and Mrs. Harley Dyck have taken up residence in the local United Missionary church parsonage and will be in charge of the church here.

Mr. and Mrs. D. O. Clark have taken two grandchildren with them while their mother, Mrs. Don Clark, is a patient in the University hospital in Edmonton.

ANOTHER SUCKER . . .

A castaway from a wrecked ship was captured by cannibals. Each day his arm was cut by a dagger and the natives would drink his blood. Finally one day he called the king: "You can kill me and eat me if you want to," he said. "But I'm tired of being stuck for the drinks!"

LIGHT YOUR WAY . . .

... WITH BIBLE STUDY

In the Creed we confess: "from thence He shall come to judge the quick and the dead. There are two basic truths here: He shall come - He shall judge. Let us today examine the first truth: He shall come again.

No one knows when that last day, the day upon which Jesus shall return, will break upon the world. And yet, men and women and church bodies have tried to set the exact month, day and year. In 1843 William Miller, the originator of the Seventh-Day Adventist movement, began to preach that the end of the world was at hand. He set the date for October 10, 1843. Thousands heard his warning, and in ten years perhaps 100,000 people became Adventists.

The craze swept from Maine to Ohio. In 1843 Adventists did not sow seed, because they were sure they would not need it, since the Lord was coming that fall. On the eventful day the devotees of Miller put on their ascension robes and gazed longingly towards heaven. Midnight came. Disappointment filled their hearts. Miller admitted defeat. But he set a new date. He had erred. It would take place in 1844. Time marched on. Again Miller had to retrench. Next he set the date for 1845. And again his date was false. Then Mrs. Ellen G. White, who became a prophetess, began to set time. In this same process, we can find in other groups.

What about the Bible? The Bible says: "Of that day and that hour knoweth no man, no, not the angels which are in heaven, neither the Son, but the Father." We do not know the exact date when Jesus will return. All we know is that He said He would. His return will be sudden, without warning. "The day of the Lord will come as a thief in the night." Yes, suddenly and unexpectedly as lightning: "As lightning cometh out of the east and shineth even unto the west, so shall also the coming of the Son of Man be." When He comes, we shall see Him. It will be a visible return. "Behold, He cometh with clouds; and every eye shall see Him, and they also which pierced Him." And He will come to judge.

Scripture warns us: "The end of all things is at hand." We are living in the last days. He can come at any time. Therefore: "Watch therefore and pray, for ye know not when the Lord cometh, whether at evening, or at midnight, or at cock-crowing, or in the morning: lest coming suddenly He find you sleeping."
